

Molly & Whiskers (2 of my own pets)

Ever since I was a small child, I had pets. I love animals! Hello, my name is Bobbie and I am looking forward to meeting with you to learn how I can best meet the needs of your furry family members.

I grew up in Baltimore, Maryland with parakeets, fish, and even a spider monkey for a short period of time. So Mom decided to buy us a poodle instead named "Poopsie". She was named after a song in the Broadway Show "Music Man". I know it's corny, but she was the greatest.

As time went on, my family moved to New York and we got another toy poodle named "Jete". She was named after a ballet step meaning little jump. Since Jete' loved to jump, and being a dancer myself, I felt that was the perfect name for her. I actually have a degree in Dance Theater and Choreography. "Jete'" was my best friend, and when I was old enough to go on my own, Jete' went with me. I took this little cute puppy everywhere.

I got married and moved to Connecticut, took a corporate job working in telecommunications and added a black toy poodle named "Coco" to the group. Coco had three puppies in my one and only litter. All of them were different colors, ivory, black and peach, which was amazing. As you can see, I was a poodle person for a while.

I lived in Stamford, Connecticut for 17 years with my husband and my son. After my marriage fell apart, I adopted my second son and flew to Russia to bring him home. That was quite an adventure! The next thing I knew, I was moving to Boca Raton, FL with a new company & to be close to my parents. Within one month, I bought a home in Parkland and fell in love with the area.

Now it's fourteen years later & I'm still living in Parkland. During this time, I have raised my two boys; have a bichon named "Molly", a bulldog "Bentley", a longed haired calico cat named "Wiskers", a wonderful new husband & a stepdaughter. Life has really changed. I left corporate life nine years ago to take care of my family.

On Call 4 Pets seems to be a fit for me. I'm able to combine my nurturing caring side with my love for pets & the passion for helping people. I'm looking forward to meeting you & the furry members of your family!
